OBJECTIVE

Motivated fresher pursuing Aptech Certified Computer Professional (ACCP) with hands-on project experience in web design and development. Skilled in HTML5, CSS3, JavaScript, Bootstrap, jQuery, JSON, XML, and SEO, with a strong foundation in responsive web design and cross-browser compatibility. Seeking an internship or entry-level Web Design/Development role to apply technical skills and contribute to real-world projects.

SKILLS

Programming & Markup: HTML5, CSS3, JavaScript, JSON, XML, OOP Concepts
Frameworks & Libraries: Bootstrap 5, jQuery
Web Development: Responsive Web Design, Cross-Browser Compatibility, UI/UX Implementation
Tools & Other: Git, GitHub, VS Code, SEO (Search Engine Optimization)

PROJECTS

Maru Dry Fruits – E-Commerce Website
Live Demo: tahafan77.github.io/Maru-Dry-Fruits

- Designed and developed a fully responsive e-commerce website for a dry fruits business using HTML5, CSS3, Bootstrap, and JavaScript.
- Implemented product listing, navigation menus, and mobile-friendly layout, improving overall user experience and page usability.
- Applied cross-browser compatibility testing and SEO best practices to improve site accessibility and discoverability.

Royal Skill Academy – Course Selling Website
Live Demo: https://tahafan77.github.io/Royal-Skill-Academy/

- Built a course-selling website enabling users to browse, filter, and purchase online courses through an interactive interface.
- Used HTML5, CSS3, Bootstrap, jQuery, and JSON to handle dynamic content and improve front-end interactivity.
- Structured responsive layouts for consistent performance across desktop and mobile devices.
